University of Washington Department of Biostatistics Summer Institutes

2nd Summer Institute in Statistics for Clinical Research, June 28—July 2

20th Summer Institute in Statistical Genetics, July 6—July 24

7th Summer Institute in Statistics and Modeling of Infectious Diseases, July 6—July 22

1st Summer Institute in Statistics for Big Data, July 6—July 22

The Summer Institutes consist of a series of short workshops conducted by experts in the subject fields and designed to introduce participants to modern issues and challenges in biostatistics, genetics, infectious diseases, epidemiology and clinical trials. Prerequisites are minimal, and the modular nature of the Institutes enables participants to design a program best suited to their backgrounds and interests.

Study Tips – *Try this Out!*

Make a to-do list or purchase a planner to keep organized on a day-to-day basis! This can be as simple as using a dry erase marker and writing a to-do list for the following day on a mirror in your dorm room, apartment bedroom, etc. It's habitual to look in the mirror every morning, so why not let it help you make studying habitual?

VOLUNTEER AND INVOLVEMENT

Career Leadership Academy

The Career Leadership Academy is an exciting opportunity for YOU to develop your leadership and professional skills –those same skills that employers have told use they’re looking for in new employees.

The program is comprised of 4 academic credit-bearing courses called “phases” that focus on developing the leadership skills you already have and discovering the ones you’ll need to be successful after graduation. Each phase of the program is filled with seminars, activities, and events designed to give you an edge as a leader in whatever career field you choose.

Discover Iowa

Discover Iowa works to promote partnerships with a wide range of public and private constituencies in order to facilitate the mutual exchange of ideas, resources, and expertise. These collaborative efforts create more opportunities for community involvement; extend the reach of the university’s academic, cultural, and health care resources; and enhance economic development.

For more information, visit:
